
Requests/Reporting

Interfering Substances

The most common interfering substances are listed on the specimen requirement column of the test listing. A more comprehensive listing is available in *Young DS: Effects of Drugs on Clinical Laboratory Tests*. Fourth edition. Washington DC, AACC Press, 1995.

Reference Values

All reference values listed are for adult normal values unless otherwise indicated.

Reportable Disease

CAMC LabWorks endeavors to comply with reporting requirements for the State Health Department regarding reportable diseases. We strive to cooperate with our clients so that we both comply with state regulations. If you need further information, please do not hesitate to contact CAMC LabWorks at 304-388-5070 or toll-free at 800-445-5278.

Results Reporting

All laboratory reports will print at CAMC LabWorks and be delivered via the CAMC LabWorks courier or mail as appropriate.

Request Slips

Specific test request forms are provided for: anatomical pathology, cytology, and general testing. Additional clinical information is required on the anatomical pathology and cytology request forms for diagnostic reasons. Check (✓) tests desired. Type or clearly print all information, always including the patient's age and sex.
