

| Urinalysis Parameters     | Units | Normal Values |
|---------------------------|-------|---------------|
|                           |       |               |
| Color                     |       | Straw-Amber   |
| Clarity                   |       | Clear-Cloudy  |
| Specific Gravity          |       | 1.002-1.030   |
| pH                        |       | 5.0-7.5       |
| Protein                   | mg/dL | Negative      |
| Glucose                   | mg/dL | Negative      |
| Ketones                   | mg/dL | Negative      |
| Bilirubin                 | mg/dL | Negative      |
| Blood                     | mg/dL | Negative      |
| Nitrite                   |       | Negative      |
| Urobilinogen              | EU/dL | < 2.0         |
| Leukocyte Esterase        | /uL   | Negative      |
| White cells               | /hpf  | 0-5           |
| Squamous epithelial cells | /hpf  | <10           |
| Hyaline casts             | /lpf  | 0-2           |
| Red blood cells           | /hpf  | 0-2           |
| Bacteria                  | /hpf  | few           |
