CLINICAL LABORATORY MEMORANDUM

Date: May 3, 2021

To: CAMC Medical Staff

From: Milton Plata, M.D.
Department of Pathology

A handwritten signature in black ink, appearing to read 'Milton Plata, M.D.'.

Subject: Change to GGT Pediatric Reference Ranges

On May 4, 2021, the Pediatric reference range will be updating for Gamma-Glutamyl Transferase (GGT). The Adult reference range will remain the same. The new reference range for ages 1 year to <19 years will be 6-41 U/L. For ages <1 year old there are no established reference range at this time for GGT tests performed at CAMC. The Mayo Laboratory GGT assay can be ordered for patients <1 year old.

For any further questions, you may reach the Laboratory Manager at the following locations.

Memorial - Della Haynes at 304-388-4184

Teays Valley – Angela Warner at 304-757-1769

General- Patty Costa at 304-388-7889
